BLU™

*316 Marine Grade
Stainless Steel*

Our Coastal range of handle, knocker, and letterplate upgrades have been designed for enhanced performance and durability and are arguably the best quality on the market.

The BLU range of suited hardware is made from 316 marine grade stainless steel, compared to the industry standard of 304, giving it the best long-term resistance to corrosion in coastal locations, supported by a 'best in class' lifetime guarantee.

The Stainless Steel Square & Round Pull Bar Handles are available in 400mm, 900mm, 1200mm and 1800mm. The Black Square and Round Pull Bar Handles are available in 900mm.

The Satin Brass Round and Square Bar Handle is available only in 900mm.

NEXT GENERATION LOCKING

COMP DOOR™

INTRODUCING:

AUTOFIRE

BY AVANTIS

A next-generation multi-point door lock from Avantis, that sets the new standard for domestic door security.

Developed with high quality, modern materials, Autofire delivers superior performance, enhanced security, complete compression and Smart security technology built in.

Works seamlessly with Kubu Smart Security technology.

Independent latches fire automatically when the door is closed, so there's no need to lift the handle before locking.

Self-lubricating polymer on the latch face and in the keeps reduces operating forces, making it easier to use & longer lasting.

Industry leading compression adjustment means you not only keep the bad guys out but keep the elements out too.

Convenient in-built hold back latch, means you can close the door to, without locking yourself out!

Secured by Design

Official Police Security Initiative

Complete Security

Active Snap Protection

When attacked, a hidden pin within the hardened Molybdenum cam fires into action to create a barrier that would-be intruders can't get past.

Multi-Layered Protection

ABS cylinders feature advanced technology to combat against snapping, picking, drilling and bumping.

Tried & Tested

ABS 3 star rated cylinders are approved by the Police Security Association, passing with the Sold Secure Diamond grade recognised as the highest security standard UK locks can conform to.

Lock Positioning

Standard Auto-Fire Lock

An automatic multi-point locking system featuring a three self-locking deadbolt latch to provide additional security.

Heritage Auto-Fire Lock

The aesthetics of a traditional rim latch positioning, but incorporates the latest high security auto-fire technology.

Be Sure You're Secure, with our Fully Alarmed Doors.

Every Comp Door comes fitted with Kubu Smart Security sensors as standard, providing you with ultimate peace-of-mind.

Smart Technology As Standard

Kubu is an **Intelligent Alerting System** that monitors the security status of your door in real time - sending a notification to your Smart device if there is anything to worry about.

By seamlessly integrating with the locking hardware in your Comp Door, the Kubu sensor can tell if your door has been: **opened, closed, deadlocked, or even if it is under attack.**

Unlike most other systems, Kubu can alert you to threats before an intruder can breach your home, giving you an early warning and helping to **keep your home & family safe.**

Kubu integrates easily with other smart-home devices like speakers, heating, and lighting - making your entire home **smarter and more secure.**

If that's not enough, Kubu also **ensures peace of mind** by notifying you if you've forgotten to lock your door when you leave, can send scheduled alerts - like at bedtime - about your door's status, and even allows you to share updates with loved ones.

And best of all, Kubu is included for FREE with every standard door purchased from Comp Door.

Unlock a keyless life, with Bold Smart Cylinders.

Every Comp Door can be upgraded to include a Bold Smart Cylinder; a modern, ultra-secure, keyless entry solution designed for ultimate convenience.

The Bold Smart Cylinder is a sleek, **keyless entry solution** that blends cutting-edge technology with ease-of-use.

At its heart, Bold provides **effortless control** over your door - whether through your smartphone or by using a custom secure PIN.

Unlike Smart Locks, the Bold cylinder is not designed to physically lock and unlock your door - it merely acts as a digital key.

This innovative design means there is **no bulky box** cluttering up your stunning new door, and it ensures over **two years of battery life** (or 20,000 cycles), giving you hassle-free home security.

With the Bold app, you can **easily grant or revoke access** for individuals - whether permanently or on a timed schedule keeping you in control, knowing exactly who has access to your home and when.

The Bold Smart Cylinder isn't just convenient; it's incredibly secure. It is **un-pickable, un-snappable**, and - through its innovative use of rolling encryption - is **un-hackable too**, giving you complete peace of mind knowing your home is protected from both physical and digital threats.
